

# Does a City Jail Belong in Your Neighborhood?

The city of Seattle is considering four sites for a 7-acre Municipal Jail facility. TWO of the four sites are in our area.

Many residents of Highland Park/Riverview/White Center have serious concerns about a City Jail on either West Marginal Way or Myers Way:

- **Safety concerns**
- **Environmental damage**
- **Social justice issues**
- **Community identity**
- **Traffic problems**
- **Zoning issues**

Our community is working with city, county, and district officials who also oppose this project. The public is invited to our meetings:
